Junior glimpsed Vanadium first in profile-and then, as the cop rode down and away, only the back of his head. He hadn't seen this man in almost three years, yet he was instantly certain that this was no coincidental look-alike. Here went the filthy-scabby-monkey spirit itself..No more than a minute after Vanadium departed, a nurse arrived in a rush, no doubt sent by the hateful cop. Hard to tell, through all the tears, if she was a looker. A nice face, perhaps. But such a stick-thin body.."So I drew

attention to myself. Raised suspicions. One night, in St. Louis, this rube recognized me from my performing days, even though I'd changed my looks. It was a high-stakes game, but the players weren't high-class. They ganged up on me, beat me, and then smashed my hands, one finger at a time, with a tire iron." The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release. "Is it as bad as that?" Celestina wondered plaintively, though she knew the answer. "I love San Francisco. The city inspires my work. I've built a life here. Is it really as bad as that?" Barty had awakened able to read. On the page, lines of type no longer twisted under his gaze. The Hackachaks were present, of course. Junior had not yet agreed to join them in their pursuit of blood money. They would give him little privacy or rest until they had what they wanted. He didn't rely on sounds to help him find his way, though here and there one served as a marker of his progress. Twelve paces from his room, a floorboard squeaked almost inaudibly under the hallway carpet, which told him that he was seventeen paces from the head of the stairs. He didn't need that muffled creak to know exactly where he was, but it always reassured him. As the afternoon waned toward a portentous dusk and toward the gallery reception for Celestina White, Junior prepared his knives and guns. Most likely, if Victoria was entertaining, the visitor's car would have been parked in the driveway. He and the homicide detective had been friends for almost thirty years, since Max had been a uniformed rookie on the SFPD and Vanadium had been a young priest freshly assigned to St. Anselmo's Orphanage here in the city. Before choosing police work, Max had contemplated the priesthood, and perhaps back then he had sensed the cop-to-be in Tom Vanadium. He tugged on a pair of thin latex surgical gloves. Flexed his hands. All right. Kathleen and Nolly shifted their attention to Tom's clenched left hand, although the quarter could not possibly have traveled from one fist to the other. He kept the house, for it was a shrine to his life with Perri. He returned to it from time to time, to refresh his spirit. He pushed on the door, but still it resisted, and he surprised himself by letting out a bellow of frustration that expressed quite the opposite of self-control, though no one listening could have the slightest doubt about his determination to commit and command. Succinctly, Edom told Jacob about visiting Obadiah, the magician with the mangled hands. Then: "When we left, I followed Agnes, and Obadiah held me back to say, 'Your secret's safe with me.'" Each page comprised four columns of names and numbers, most with addresses. Approximately one hundred names filled each column, four hundred to a page. This morning he had changed the sheets. Naomi's scent was no longer with him in the bedclothes. Junior knew that he must remain vigilant. Vigilant and focused until January 12 had come and gone. Eight days to go. When she discovered she was pregnant, Phimie dealt with this new trauma as other naive fifteen-year-olds had done before her: She sought to avoid the scorn and the reproach that she imagined would be heaped upon her for having failed to reveal the rape at the time it occurred. With no serious thought to long-term consequences, focused solely on the looming moment, in a state of denial, she made plans to conceal her condition as long as possible. With the successful consumption of the burger and with the addition of the third Sklent to his collection, Junior felt more upbeat than he'd been in quite a while. Contributing to his better mood was the fact that he hadn't heard the phantom singer in longer than three months, since the library in July. Too quiet and too patient to be the living-dead incarnation of a murdered wife. This was a predatory silence, an animal cunning, not a supernatural hush. This was the elegant stillness of a panther in the brush. Besides, he couldn't any longer afford to spend endless hours either learning a new language or attending the opera. His life was too full, leaving him insufficient time for the Bartholomew search. "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers—doesn't matter what their religion." Not understanding, thinking that he was inexplicably asking if she loved him, she said, "Yes, of course, you silly bear, you stupid man, of course, I love you." by the ferocity of the beating and by years of fear and humiliation. So he opens his mouth, just to end it, just to be. Copyright (c) 2001 by Ursula K. Le Guin All rights reserved. He briefly considered playing dumb, but he knew she was too smart for that. "Gunsmoke, you mean. Listen, I know you'll do whatever's necessary to keep Angel safe, because you love her so much. Love will give." "Water can break?" Maria asked, looking toward the faucet at the kitchen sink. She sighed. "I have so much to be learned." The sight of the heavily bandaged face apparently pressed all of the compassion buttons in the reverend, because he broke out of his paralytic shock and started forward—before he registered the weapon. Repressing a smirk, feigning a respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery—or, having heard it, didn't recognize it for what it was. She pushed her chair back from the table and got to her feet, and everyone followed her example. After a while, a voice broke the vacuum-perfect silence. Bob Chicane. His instructor. Although she had acutely felt the loss of Joey during the past three years, she had never missed him as much as she missed him now. Marriage is an expression of love and respect and trust and faith in the future, but the union of husband and wife is also an alliance against the challenges and tragedies of life, a promise that with me in your corner, you will never stand alone. Because this kind of fictional fact, like maps of imaginary realms, is of real interest to some readers, I include the description after the stories. I also redrew the geographical maps for this book, and while doing so, happily discovered a very old one in the Archives in Havnor. As Celestina settled on the sofa with the phone in her lap, hesitating to dial until she worked up a bit more courage, Angel said to Tom, "So what happened to your face?" As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me." Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew." He said this as though confident Agnes would understand what he meant, with a smile and with a glint in his eyes that almost became a wink, as if they were members of a secret society in which these three repeated words were code, embodying a complex meaning other than what was apparent to the uninitiated. Thursday evening, his third in the hotel, he returned to the lounge for cocktails and another steak. The same tuxedoed pianist provided the entertainment. The voice had come not from the armchair in the corner, but from immediately beside the bed. This comment left Tom nonplussed. He could only imagine that Jacob had known someone who died in that crash—yet the twin's tone of voice and his expression seemed to suggest that a world without the Bakersfield train wreck would be a less convivial place than one that included it. No one was surprised by his proposal, her acceptance, and the wedding. Barty and Angel were both eighteen when they were married in June of 1983. Eventually she discovered within herself all the light that she needed to find her way through the crucial hours immediately ahead. At last she knew what she must do,

but she was not certain that she possessed the fortitude to do it..Junior didn't believe in gods, devils, Heaven, Hell, life after death. He put his faith in one thing: himself..Carrying him to the window, gazing up at the stars, the moon, she said, "I'll always read to you, Barty.".He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one.."Because He didn't want you to be a dog." She finished tying a bow in the drawstrings. "There. You look just like an M&M."On a morning in July, Junior was visiting the public library, poring through the stacks in search of exotic volumes on the occult, when the phantom voice rose nearby. Here, the singing sounded softer than in his apartment, little more than a murmur, and also threadier..The detective shrugged. "The girl might've had her baby at a third rate hospital, one with poor control of patients' records and a less professional staff. Or the kid might have been placed for adoption through some baby brokerage in it strictly for the money. Then there would've been opportunities to learn something. But as soon as I discovered it was St. Mary's, I knew we were screwed."Junior's breath smoked from him as if he contained a seething fire of his own. He felt a sheen of condensation arise on his face, cold and invigorating.."Hasn't the sheriff's department already reached a determination of accidental death?" Parkhurst asked. "They're good men, good cops, every last one of them," said Vanadium, "and if they've got more pity in them than I do, that's a virtue, not a shortcoming. What could Mr. Cain have taken to make himself vomit?".Then the boy put new and puzzling shadings on his meaning when he said, "Daddy died here, but he didn't die every place I am."In the Fairmont coffee shop, Junior ordered french fries, a cheeseburger, and cole slaw. He requested that the burger be served cooked but unassembled: the halves of the bun turned face up, the meat patty positioned separately on the plate, one slice each of tomato and onion arranged beside the patty, and the slice of unmelted cheese on a separate dish..The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamon smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings.."I'm not saying there's anything wrong with it, you understand," Neddy whispered with a sort of fierce conciliation, "but I'm not gay, and I'm not interested in teaching you the piano or anything else. Besides, after the stories Renee told about you, I can't imagine why you think any friend of his ... hers would get near you. You need help. Renee is what she is, but she's not a bad person, she's generous and she's sweet. She doesn't deserve to be beaten, abused, and ... and all those horrible things you did. Excuse me."EACH MOMENTOUS DAY, the work was done in memory of his mother. At Pie Lady Services, always, they sought new recipes and new ways to brighten the corner where they were..Neighbors might not be home. And by the time he knocked, asked to use the phone, dialed ... Too great a waste of time..Barty, thirteen years old but listening to books at a postgraduate college level, had no doubt studied leukemia while they were awaiting the test results, to prepare himself to fully understand the diagnosis on first receiving it. He tried not to look stricken when he heard acute myeloblastic, which was the worst form of the disease, but he appeared more ghostly in his pretense than if he had revealed his understanding. Had his eyes not been artificial, his stiff-upper-lip pose would have been utterly unconvincing..During the first months, the journeys were eight or ten miles: along the shoreline north and south of Bright Beach, and inland to the desert beyond the hills. He left home and returned the same day..Junior stood at the window for a long time, not because he was pretending to rest, and not because any of the attending nurses was a looker. He was transfixed, and for awhile he didn't know why..dropping on the conversation between Dr. Parkhurst and Vanadium, and later failing and respond to Vanadium's pointed accusations, his deception would inevitably be read as an admission of guilt in the murder
